Summary: Full-stack Engineer with experience in building responsive, scalable, and production-ready full-stack web applications using React, Next.js, and modern backend frameworks. Experienced with containerization, cloud platforms, and DevOps practices.

Technical Skills

Frontend: React.js, Next.js, JavaScript, TypeScript, TailwindCSS, Zustand, React Query, Redux

Backend: Node.js, Spring Boot, Express.js, REST APIs, Prisma, Python, Java

Database: PostgreSQL, MySQL, MongoDB, Supabase

DevOps/Cloud: Docker, Kubernetes, GCP, Linux

Experience

HSBC Technologies | Software Engineer | August 2023 - July 2025

- **Developed and optimized scalable microservices** using **Spring Boot** dedicated to an enterprise-level document management system.
- **Engineered core document processing features**, including secure **upload**, **download**, and asynchronous **search** capabilities, improving data accessibility for end-users.
- Contributed to containerization and deployment workflows using **Docker** and **Kubernetes**.

HSBC Technologies | Senior Full Stack Software Engineer | July 2025 - Present

- Architected and managed scalable microservices using **Spring Boot**.
 - Developed a high-performance **React application** for end-to-end document management, enabling users to securely upload, download, and view documents alongside comprehensive metadata.
 - Implemented secure user authentication and authorization by integrating **SSO** (Single Sign-On) login features, enhancing application security and user experience.
-

Projects

1) Realtime Chat App : Full-stack chat application with real-time messaging, friend requests, and group chat features. [LINK](#)

Tech Stack: Next.js 14, Convex DB, TypeScript, TailwindCSS, Clerk Auth

2) Spotify Clone : Music streaming application where users can sign up, upload, and like songs. [LINK](#)

Tech Stack: Next.js 14, Supabase, TypeScript, TailwindCSS, Supabase Auth

3) Twitter Clone: A full-featured Twitter clone with post creation, commenting, liking, and following. [LINK](#)

Tech Stack: Next.js 14, MongoDB, TypeScript, TailwindCSS, Prisma, Auth.js

Education: BTech in Computer Science | MIT World Peace University, Pune | July 2019 - June 2023 | CGPA: 9.32/10
